

# Explore Alaska

Public Land Lecture Series

Join us **Saturdays** at **2 PM** for the following programs:

**September 16th- “International Polar year 2007-2009:An Opportunity for Educators, Researchers and Communities to Work Together”**

Dr. Martin Jeffries, Research Professor from the Geophysical Institute, will talk about International Polar Year, and how the general public and local educators can be involved.

**September 30th- “A Walk Across the Arctic Refuge”**

Stan Justice and Anne Berge will present a slideshow from their latest trip to the Arctic National Wildlife Refuge.

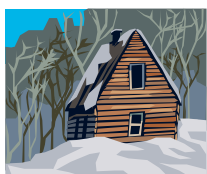

**October 14th- “Cross Country Ski Trails in the Interior”**

Eric Troyer, from the Nordic Ski Club, will talk about cross country skiing and where to find the trails near Fairbanks.

**October 21st- “Winter Biking and Trails”**

Members from the Fairbanks Cycle Club will give winter biking tips, and talk about popular bike trails near Fairbanks.

**October 28th- “Land Disposal Programs in Alaska”**

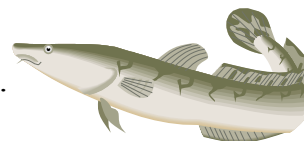

AJ Wait from the Alaska Department of Natural Resources, will talk about the various land disposal programs available to Alaskans.

**November 4th- “The Aurora”**

Dr. Neal Brown will present an informational slideshow about the Aurora Borealis.

**November 18th- “Ice Fishing for Burbot”**

Nancy Sisinyak. From the Alaska Department of Fish and Game, will give tips and locations for Ice Fishing for Burbot near Fairbanks.
